

SCORER QUICK GUIDE

For assigned Scorer A and Scorer B | Bowhunter Games

ONE TARGET AT A TIME

BEFORE YOU START: VERIFY DAY - GROUP - RANGE - SESSION - STARTING TARGET

SIGN IN

1

Tap SCOREKEEPER LOGIN. Enter your Bowhunter Games ID and last name. Your assigned group and card will load.

LOAD THE SCORECARD

2

Confirm the assignment details, then tap LOAD SCORING MODULE.

SCORE THE CURRENT TARGET

3

Enter every archer's score. Scorer A and Scorer B enter and submit independently. Complete the full target.

MATCH - CERTIFY - ADVANCE

4

When both scorecards match, the target certifies and FieldOps advances automatically. If it does not, check for a mismatch.

REPEAT FOR EACH TARGET

5

Continue one target at a time. Stay on the same phone and browser. If refreshed, reopen your scorer session and continue.

MISTAKE OR DEVICE FAILURE?

Before certification: correct only your own card until both cards match. After certification: stop and see a Range Official.

Do not clear browser/site data or switch devices without staff direction.
